Before your dentist sends your next appointment-reminder card, apply for a plan that may help pay for the visit!
After all, you are going to the dentist for routine and preventive care, so why not have a dental plan that pays directly toward those periodic checkups and cleanings—in a fast and painless way. These wellness visits—which are necessary to have good oral health and to help reduce the likelihood of expensive treatment later on—saved Americans billions of dollars in dental costs over the past decade. In fact, a thorough examination, including X-rays, is all it usually takes to diagnose a problem.

FLASH a great smile ... dental insurance is now available at home or where you work!

If you’ve been going to the dentist regularly (or need an incentive to begin), Aflac’s plan offers some of the finest in easy-to-understand, choice-based coverage. Here’s what we mean:

You know what you’re getting.
The plan spells out the benefits for both wellness and other diagnostic/treatment services. There are no gray areas. Each covered procedure has a specific benefit amount with a specific waiting period.

There’s no deductible.
Our benefits are not reduced by a plan deductible.

You choose your dentist.
Virtually all managed-care plans require you to use only dentists in their approved network. Aflac gives you total freedom to choose your own dentist without restriction.

We pay benefits regardless of any other plan.
Aflac pays full policy benefits, period! It doesn’t matter if you have other dental or medical coverage that may overlap. Plus, Aflac has a long history of prompt claims payment.

Aflac’s Dental Wellness Benefit doesn’t count toward your plan maximum.
Routine visits don’t impact your total benefits by one penny.

You own the plan.
Even if you apply at work and then change jobs or retire, you can still keep the same benefits and premium rate you had as an employee.

Your ability to renew is guaranteed.
You can’t be removed from the plan for any reason except failure to pay the premium.

Your policy has rate stability.
Since our policy is schedule-based (pays a set benefit for each service or procedure), it is less sensitive to general price increases. In other words, an increase in dental charges will not automatically trigger a rise in rates.

No precertification is required.
You and your dentist decide what treatment is best for you. If it’s on the schedule, you don’t need anyone’s permission.

Plus, these optional riders are also available through payroll deduction only:
• Orthodontic
• Cosmetic
